Dear Mr. Roosevelt:

Before General Coverdale departed on his present extended trip to the Far East, he asked me to express to you on his behalf his appreciation for the briefing presented to him in regard to your division's research and development activities in the field of clandestine intelligence equipment and materiel. He was very much impressed by the description in the briefing of the operational support activities performed by your division for the intelligence community. He is aware that members of the U. S. Army Intelligence Board have been assisted frequently by elements of your division. Please convey to Dr. Sidney Gottlieb and other members of your staff who participated in the briefing, General Coverdale's sincere appreciation.

I would like to take this opportunity to repeat the invitation extended previously to you and members of your staff to visit the U. S. Army Intelligence Center whenever it is convenient to you.

Sincerely yours,

T. F. Hoffman
T. F. HOFFMAN
Colonel, Arty
Deputy Commander
